Friday, 6th of January 2017

**Attention to: The President
Kobe Institute of Computing**

Dear Sir/Madam,

SUBJECT: NSHIMIYIMANA FABIEN-RECOMMENDATION LETTER

Nshimiyimana Fabien has graduated from the Adventist University of Central Africa in the Faculty of Information Technology, Networks and Communication System Department.

As shown on his transcript, he took and successfully completed major courses offered in the field of Networks and Communication System.

I have known Fabien for four years and throughout that period he has proven to be a very brilliant, intelligent and dependable student. He is a friendly and sociable person who is always willing and ready to assist when called upon.

I am glad to assure you that I am confident that he is indeed ready and will successfully undertake and excel in a master's program. Kindly let me know if you require additional information or clarification.

Yours Faithfully,

Niyigena Papias
